Sip: A Unique Corporate Event Experience

# ABOUT US

Paint with a Buzz was created by artist Bri Wenke in 2016 as a way to share her skillset, cultivate community, and help others gain confidence in their own creative abilities.

Bri and her studio mate Sam are professional artists represented by galleries and have spent the last ten years cultivating their place in the art world.

Instruction is fun, structured and silly- ensuring everyone can create a beautiful painting, regardless of skill level.
